SPECIAL TRANSPORTATION PERMIT ATTACHMENT SL (REVISED 01-2023)

Any load exceeding one or more of the following dimensions is considered a Superload:

- Over 16 feet wide on any Interstate highway or other multilane highway.
- Over 14 feet wide on any state two-lane highway.
 - This does not include mobile / modular units with a 14 foot box or less and up to a 12 inch eave.
- Over 17 feet high on any highway.
- Mobile / modular unit with a box width over 14 feet wide and/or overall width greater than 15 feet.
- Overall length greater than 150 feet.

Drivers of superloads are subject to the following requirements:

- Must have a minimum of three years of experience driving commercial vehicle combinations; one of these years must be driving/hauling oversize loads.
- Must not have a conviction of more than one moving violation while operating commercial motor vehicles in any state, country or province within the last one year.
- Must not have more than one preventable, recordable accident involving a commercial motor vehicle in any state, country or province within the last two years.
- Must not have a suspension or revocation of driving privileges from operation of a commercial motor vehicle in any state, country or province during the past three years.
- Must not have conviction of DUII while operating a commercial motor vehicle in any state, country or province within the last five years.

Loads wider than 14 feet on US730 between MP 197.5 and MP198.0:

- Must have front pilot vehicle position itself ahead of protruding rock and radio back an “all clear” message to the oversize load.

If the permit includes Attachment 75A as a required attachment, the following applies:

- Vehicles must travel in the right lane unless obstructions, merging traffic, or permit requirements dictate otherwise. Vehicles may not pass other oversize loads.
