Executive Order

NUMBER THIRTY-SEVEN (2024)

DECLARATION OF A STATE OF EMERGENCY DUE TO HURRICANE HELENE

Importance of the Issue

On Wednesday, September 25, 2024, I verbally declared a state of emergency to exist for the Commonwealth of Virginia based on National Weather Service and National Hurricane Center forecasts that indicate a hurricane is likely to cause significant rainfall, flooding, tornados, and strong winds in portions of the Commonwealth that could cause life safety concerns, transportation difficulties, and power outages.

The Virginia Emergency Operations Center has been actively monitoring the movement of severe weather heading toward Virginia, with anticipated arrival of additional rain starting on the evening of Thursday, September 26, 2024. The National Weather Service and National Hurricane Center forecasts indicate that the western portions of the Commonwealth could experience significant rainfall and flooding into the weekend combined with pre-cursor rainfall events predicted in the next few days. Accordingly, the pre-positioning of response assets and supplies will be necessary to assist our local and state partners. The Virginia Emergency Support Team will activate for this incident.

The health and general welfare of the citizens of the Commonwealth require that state action be taken to help alleviate the conditions caused by this situation. The effects of this storm constitute a disaster wherein human life and public and private property are imperiled, as described in § 44-146.16 of the *Code of Virginia* (the *Code*). Therefore, by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia, by §§ 44-146.17 and 44-75.1 of the *Code*, as Governor and Director of Emergency Management and Commander-in-Chief of the Commonwealth's Armed Forces, I proclaim a state of emergency. Accordingly, I direct state and local governments to render appropriate assistance to prepare for this event, to alleviate any conditions resulting from the situation, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions as much as possible. Emergency services shall be conducted in accordance with § 44-146.13 et seq. of the *Code*.

Following a declaration of a local emergency pursuant to § 44-146.21 of the *Code*, if a local governing body determines that evacuation is deemed necessary for the preservation of life or other emergency mitigation, response or recovery, pursuant to § 44-146.17(A)(1) of the *Code*, I direct the evacuation of all or part of the populace therein from such areas and upon such timetable as the local governing body, in coordination with the Virginia Emergency Operations Center (VEOC), acting on behalf of the State Coordinator of Emergency Management, shall determine. Notwithstanding the foregoing, I reserve the right to direct and compel evacuation from the same and different areas and determine a different timetable both where local governing bodies have made such a determination and where local governing bodies have not made such a determination. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.

This Executive Order also covers preparatory actions for this event that began on September 25, 2024.

3. Authorization for the heads of executive branch agencies, on behalf of their regulatory boards as appropriate, and with the concurrence of their Cabinet Secretary, to waive any state requirement or regulation, and enter into contracts without regard to normal procedures or formalities, and without regard to application or permit fees or royalties. Within 60 days of the expiration of the Executive Order, an accounting of all expenses shall be submitted to the Director of the Department of Planning and Budget.
6. Activation of the Virginia National Guard to State Active Duty.

Effective Date of this Executive Order

This Executive Order shall be effective September 25, 2024, and shall remain in full force and effect for 45 days pursuant to § 44-146.17(A)(1) of the *Code*, unless sooner amended or rescinded by further executive order.

Termination of this Executive Order is not intended to terminate any federal type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.
